Panchkula

To  
The Director General Higher Education,  
Haryana, Panchkula

Memo No- GHW/27/389

Dated - 26/2/2022

**Subject:** Request to start Computer Science as a subject in B.Sc Non-Medical in Govt. P.G. College for Women Sector-14, Panchkula, from academic session 2022-23.

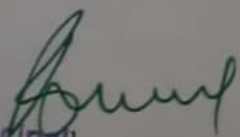

Respected Sir,

In reference to the subject cited above, it is humbly submitted that:

1. The B.Sc. Non Medical stream is being run in our college with three main subject's viz. Physics, Mathematics & Chemistry in I, II and III year.
2. In every session students are interested in Computer Science as an elective subject for B.Sc Non-Medical course. This is a traditional course and very popular among students.
3. B.Sc Non-Medical with Computer Science as a subject is helpful for students who aim to pursue Masters in Physics, Mathematics, IT and MBA. It provides wide number of career options for future studies in applied and IT fields in India as well as abroad.
4. Besides this, B.Sc Non-Medical with Computer Science as a subject provides various job opportunities to students in private sector like data analysis and other computer related jobs in this era of digital world.
5. Further, No additional faculty and infrastructure is required for starting Computer Science as elective subject except few more computers, requirement of which is already sent.

Sir, keeping in view the great demand for the mentioned course, better career opportunities and higher studies options for students, your good self is requested to consider the mentioned proposal. We look forward a positive response from your side.

Thanking you.

  
Principal  
Govt. P.G. College for Women  
Panchkula, Sector-14, Panchkula.

The Director General Higher Education,  
Haryana, Panchkula.

memo No- GHW/22/378

Dated-25/2/2022

**Subject: Request to start Mass Communication and Video Production from  
academic session 2022-23.**

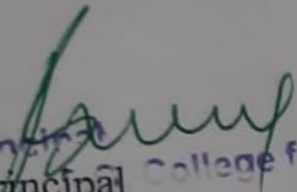

Respected Sir,

In reference to the subject cited above, it is humbly submitted that:

1. Our institution wishes to start **Mass Communication and Video Production** which is one of the high on demand courses in present times.
2. Ours is a women college and the parents of girls prefer to admit their daughters in a women institution.
3. Mass Communication and Video Production is an upcoming subject that can open vast number of opportunities for students, in India as well as abroad.
4. After holding a degree with Mass Communication and Video Production, the students will get variety of careers in the field of television, film and other media establishments and will develop a sound knowledge of electronic media related communications that can be applied to create and produce content for documentaries, television programmes, advertisement films and corporate videos.
5. The course provides immense career opportunities such as Journalism, Advertising, Public Relations, Broadcast Journalism (Radio and T.V.) and Video Production.
6. Some additional infrastructure and equipment will be required to start this course.
7. The course can be taught by the existing faculty teaching different course named Mass Communication and Journalism in the nearby Government college of district Panchkula.
8. This course is already offered by Kurukshetra University Kurukshetra at UG level.
9. More number of girl students will prefer to take admission as they will get a chance to study various areas of works like reporting, writing, editing, photography, broadcasting etc. at minimal fee.

Sir, keeping in view the better career and higher studies options for the girl students (most of which come from rural background), your good self is requested to consider the mentioned proposal. We look forward a positive response from your side.

Thanking you.

  
Principal  
Govt. P.G. College for Women, Sec-14,  
Panchkula.

The Director General Higher Education,  
Haryana, Panchkula

Memo No- G.W/21/380  
Subject: Request to start M.Sc. Zoology in Govt. P.G. College for Women  
Sector-14, Panchkula, from academic session 2022-23. *Dated - 25/1/2022*

Respected Sir,

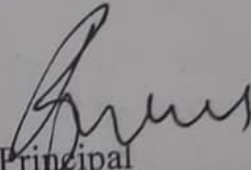

In reference to the subject cited above, it is humbly submitted that:

1. The B.Sc. Medical stream is being run in our college with three main subjects viz. Botany, Zoology and Chemistry in I, II and III year.
2. In every session, the final year students of the mentioned course ask for starting post-graduation in the subject of Zoology. This subject is very popular among students and provides wide number of career options and job prospects in basic and applied fields in India as well as abroad.
3. After completing the course, the students can enter into any field of zoological research, the environmental and ecosystem management sector. They can work as Zoologist, Wildlife conservationist, Animal Trainer, Wildlife Educator, Zoo officer, Wildlife Researcher, Forest officer, Associate Research Scientist, Teaching etc. They can work with some of the most acknowledged ventures and organizations across the globe such as Discovery, National Geographic, and others.
4. Besides, they can start their own business and become an entrepreneur in the fields like fisheries, bee keeping, silk- worm culture, poultry, vermi-composting etc.
5. M.Sc. Zoology is not available in nearby areas. Moreover, the parents of girls want them to study in institutions located near their homes and prefer to admit their daughters in an only women institution.

6. For starting M.Sc. Zoology, no additional faculty and infrastructure is required except a few equipments.
7. Four faculty members are there in Zoology department and three of them are Ph.D with different specializations.

Sir, keeping in view the great demand for the mentioned course, better career opportunities and higher studies options for students, your good self is requested to consider the mentioned proposal. We look forward a positive response from your side.

Thanking you.

Memo No- GHW/22/375

Dated - 25/2/2022

Subject: Request to start Punjabi as a subject in B.A from academic session 2022-23.

Respected Sir,

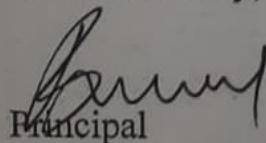

In reference to the subject cited above, it is humbly submitted that:

The B. A. Stream in our college is currently having three language subjects viz. Hindi, Sanskrit and English in I, II and III year of the course. Every year, during fresh admissions, the students ask for Punjabi as an option. Moreover Tri-City of Chandigarh, Panchkula and Mohali has vast percentage of Punjabi speaking people. Due to non-availability of this option in the college the students seek admissions in other institutions. As ours is a Women institution most of the parents prefer to admit their daughters this institution. In Haryana, Punjabi is taught as second language at school level. Degree with Punjabi language opens more job opportunities especially in Punjab and nearby areas. The students have opportunities to work in sectors like tourism, Education and translating literature. They can also be a part of various NGOs working at National and International level for language preservation. No additional infrastructure will be required to start these subjects and the subjects can be taught by the existing faculty of Punjabi posted in nearby colleges. This subject is already offered by Kurukshetra University Kurukshetra in the subject combinations of B.A. stream.

Sir, keeping in view the popular demand for the girl students (most of which come from rural background), your good self is requested to consider the mentioned proposal. We look forward a positive response from your side.

Thanking you.

Yours sincerely,

Principal

Govt. P.G. College for Women, Sec-14,  
Panchkula.
