

Introduction

Feedback is an essential element of the learning process. The institution collects the feedback on various curriculum aspects & courses from students alumni, faculty and parents through Google forms (Online). The feedback collected from the individuals has been analyzed & taken in consideration for overall development of teaching learning process & environment.

Student Feedback

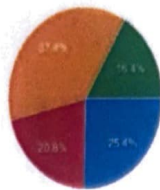

The students feedback is designed to get formative feedback from students. For the academic year 2024-25, student's feedback is sought from around 500 students about the curriculum and teaching learning process. Majority of them agreed that syllabus is covered on time, teachers communicate thoroughly/effectively. 85% of them rate student- teacher relationship as good and very good. More than 85% agree that Placement cell, ED cell and Women cell of the college helps in personality development.

The other facilities like library, sports, cultural, canteen, tuck shop, parking facility, water, first aid etc. are also rated good/very good by majority of the students. Majority of students agreed that lab experiences & practical exposure given to them enhanced their understanding of the concepts.

Feedback Analysis Report

1. The analysis depicts that students are well satisfied with teaching learning methods and process.
2. They highly appreciated the academic related infrastructure facilities such as library, labs etc.
3. It is observed that few of them expressed the need of bolts, water and cleanliness of girls washroom, canteen, removal of beehives, availability of sanitary pads
